Skills

Languages

JavaScript(ES6), React JS, NodeJS, HTML5, CSS3, Java, SQL

Software

NPM, Webpack, REST, Oracle 9i/8i, MySQL, JSON, VS Code, Github, JIRA

Experience

Valtix, Santa Clara, CA — Senior Software Engineer (Frontend)

JULY 2019 - PRESENT

- **Worked proactively** with product and UX to **refine** and **iterate** on specifications as the feature takes shape.
- **Architect**-ed Single Page Applications using technologies like JavaScript(ES6), ReactJS, HTML and CSS.
- **Optimized** browser performance on screens and components that **render large quantities of data** to ensure Valtix UI is snappy and satisfying to use.

Walmart Labs, Sunnyvale, CA — Senior Full Stack Developer

DEC 2018 - JULY 2019

- Used **hooks, headless UI components, and chart** libraries to boost app functionality.
- Enhanced **website accessibility** by designing semantic HTML5 for forms, sections, and lists.
- Collaborated with **cross-functional teams** (Product, Market, Operations) to gather requirements, create software design specifications and high level estimates.

Equinix, Sunnyvale, CA — Senior Software Engineer

MARCH 2016 - DEC 2018

- **Formulated** innovative responsive designs that ensured seamless and uniform rendering of web pages across desktops, tablets, and mobile devices.
- Wrote markup with JSX, added Styles to **React Custom components**, shared data between Parent to child and Child to parent components.
- **Orchestrated** efficient client-side validations, interactive slideshow, dropdowns, and tab navigation.

Dynamic Healthcare Services, Irvine, CA — Senior Software Engineer

SEPT 2012 - MARCH 2016

- Used Bootstrap for **responsive design,** creating dynamic web elements with jQuery, CSS3, and HTML.
- **Introduced ReactJS framework** to boost development process and application efficiency.

Cablevision, Long Island, NY — Senior Software Engineer   JULY 2011 - SEPT 2012
Westchester County, Whiteplains, NY — Senior Software Engineer   OCT 2010 - JULY 2011

Education   Louisiana Tech University, Ruston, LA — M.S. Engineering
Certification   Sun Certified Java Developer
